Grand Universal Preparation, Rain Water Maker, Now the Craze.

The Old Way of Washing Now Permanently Relegated to the Rear.

I was surprised at the extreme case with which the washing was accomplished with the wonderful Hain Water Maker. It served me beautifully, as a friend in need, MRS M. THOMSON. Kirk's Bain Water Maker is famous in she flat house No. 30 East Thirteenth street, Everybony there has used H. Mrs. Thomson has always sent her washing out. but tried having it done at home by the mid of the Hain Water Maker. She was de-lighted to find what she feared as a terlighted to find what she foared as a ter-rible task to be Lie easiest thing in the world by its magic ald.

Kirk's Rain Wuter Maker is excellent for the toilet. I also used it for house cleaning and washing dishes. It is a splendid article. MIS HAMMOND.

"For the bath and faundry, I never im-agined anything so useful and valuable," exclaimed Mrs. Harrington, with enthusi-asm

aym This is her formal statement about Kirk's Rain Water Maker. I have found Kirk's Rain Water Maker very satisfactory in washing the linens. I also used it for tollet purposes with excellent results. MRS. GOODMAN, 1921 Wabash avenue.

KIRK'S "RAIN WATER MAKER" Will hold colors from running in printed goods. Flannels and woolens washed in water prepared with this most valuable preparation will positively not shrink. It breaks the hardest water instantly.

For the bath or tollet it is indispensable, making the water soft and velvely, accelerating the action of soap, giving the skin a healthy glow and helping to remove any superflows excretions that may adhere to the body.

For the dishes and general washing purposes it is very essential, as it saves both labor and soap. abor and soap.

The preparation is not to be confounded with soap powder, as it contains no soap, lye, ammonia, borax, lime, or any dele-For sale by all grocers. Price 25c.

Squatters on the Kickapeo
Reservation.

Guthrie, O. T., May 20.—(Special.) The
Kickapoo reservation contains 185.53 acres,
about 190,000 acres of which are taken by
Indian allotments and school land selections. The reservation is in the shape of a
triample, lying one-fifth in Oklahoma counity, one-fifth in Pottawatemie, and threefifths in Lincoln. Of the 52 claims left
for settlers, not over 30 per cent is good
farming land, the rest being broken and
rough and adopted to grazing alone. The
fine lands of the reservation he in the valley of the North Canadian river, in the
eastern part, and Deep Fork, in the northern part, lant the Indians have taken a
greater part of the former in allotments
and much of the school iaml was selected
along the Deep Fork. The land along
this stream is rich bottom, heavily timbered, and a claim there would be a fortune to the scutter. There is much rood
hand along Quapaw errek, in the eastern
part of the reservation, and statisted along
the Indian allotiments skirting the Canadian are many vanishe, fartile fractional
sections and lots left for scitlers. Much
of the land in the center of the reservation

EDITORS ON THE ALERT.

Would Like to Print the Kickapoo Procla-

Washington, May 20.-(Special.) There were some flippant comments in the general land office to-day over the fact that many messages had been received from editors with the information that they could print the Kickapoo proclamation at advertising rates. The messages came from daily and weekly papers, and in great numbers. The commissioner said that there was scarcely enough of the reservation, to be opened, to pay a first-class paper for one insertion of the proclamation at advertising rates, and hence he thought that it would be well not to engage in the advertising business. He also believed that those about to locate in that country would be able to find it out from publications already made, or at least enough of them to take up the eighty thousand acres to be opened to settlement. editors with the information that they

HEAR, YE PEOPLE!

A foregunger of sickness and disease is that worn-out, played-out feeling, as ye hear it commonly expressed. And this is just the critical time, when a little attention would save much misery and suffering. Call it, if you will, Maiaria or Nervous Exhaustion, or the cause of overwork, it is all bad, and either name is enough to affright people. A great many people, of regular habits, have these same periods of depression and are unable to trace it to any disease. The fact is, there is no special disease yet, but the system is being prepared for it. The root of the whole matter is that your liver is torpid, singgish or diseased, and an accumulation sluggish or diseased, and an accumulation of poison in the system is taking place that affects your whole being and brings that worn-out and fretful feeling. This is plain truth, and logical. The physician knows it, and at once makes an attack on the liver to get that organ into active work, when the whole system is rejuven-ated and that worn-out feeling and nervous debility passes quickly away. We want to make this plain to every reader of this paper, and suggest that all read our communications which appear every

Another fact we want you to understand just as distinctly is that Simmons Liver Regulator is the King of Liver Medicines, purely vegetable and entirely free from calomel or quintine. It has done wonders for a great multitude of people in the past sixty years, and the demand for it grows daily as the people learn the truth that the liver is the organ that affects the health more than any other organ in the body. Simmons Liver Regulator is strongly tonic with its curative effects, and the whole system at once feels benefited and is toned up. All druggists sell it in liquid or powder.
